

## StoneRidge Country Club Reviews

2/2/2016

We held our annual holiday party at StoneRidge in January. First time using the venue. Excellent food, service and lovely rooms with views. Debra was always quick and responsive. You don't have to worry about something falling through the cracks. I would highly recommend you check this place out. It's a little hidden gem. The food servers were amazing too. Everyone went out of their way to be sure we were all happy. We had about 100 guests, a casino and photo booth. Everything fit perfectly. Couldn't ask for a better place and time.

8/29/15

My husband and I had our wedding reception here in August 2015. Stoneridge was the perfect fit for us. We started out looking for an outside reception venue, but as soon as we toured Stoneridge we were sold on the indoor space. Debra was amazing, she sat down with us and figured out our entire party from accommodating our guests, preparing just the right menu that fit our style, and making sure every last detail was perfect and fit within our budget. The staff here is exceptional, they are efficient, friendly, and were always one step ahead of me. Honestly, our reception went off without a hitch, and I am forever grateful that I didn't have to worry about a single thing with Debra by my side. One last thing, Debra's timeliness with email replies and willingness to accommodate our requests were impeccable and an awesome bonus. We are truly blessed that we found Stoneridge and would recommend them to everyone!

7/4/15

We had our wedding reception at Stoneridge in July. Debra was very accommodating and helpful with the planning beforehand. She always responded promptly to calls and emails. From the very beginning, she was extremely flexible and worked hard to help make the reception fit within our budget. When customizing our menu, there was a wide variety of options, and all of the food at our reception was delicious and beautifully presented. On our wedding day, everything ran smoothly and every detail was taken care of. We were also able to get some stunning wedding photos using the golf course as a backdrop. The reception staff was very attentive and professional as well. We would definitely recommend Stoneridge!

I'm having my wedding reception here in just a few short weeks and it has been an absolute pleasure working with Debra! Being a young bride, I wasn't sure what exactly I was supposed to be looking for in a venue and after meeting with Debra and being shown the beautiful club I was positive that this was the right choice for our special night. She took a lot of pride in showing my coordinator and I all the great features of their event space, right down to the perfect lighting. She was straightforward and professional and it seems as though the rest of the staff are too! The price was right, the venue is beautiful and the service has been amazing.

I had my wedding reception at Stoneridge on July 25th and it was absolutely perfect. My bridal party spent the majority of the day there getting ready and my coordinator was given ample time to set up the reception area. Working with Debra was an absolute pleasure. Not only was she professional but she was knowledgeable and witty :) she worked well with my coordinator and was flexible and easy to get a hold of. She also had a lot of faith in her staff and rightfully so as they were on top of their game that evening. This facility has been renovated and had multiple spaces that were lovely for any type of event, rehearsal, ceremony and reception. Debra knew the area extremely well and was able to show us some great spots for photos and even give us an idea of a layout for our reception which was helpful in really creating the idea well beforehand how everything could flow. I'm still getting rave reviews from our guests about the food as well. AMAZING. check it out for yourself :)

5/14/14

We were married in CT in June and had our San Diego reception in July. Stoneridge Country Club did a great job. Deb, the venue planner, helped plan the party. She had wonderful ideas, and worked within our budget. The week before the wedding, Deb made sure that everything was all set and the day of the party she was there to oversee the event. Our guest all raved about how good the food was. The presentation of the food was elegant. The wait staff were very attentive. They had all details covered. I was able to bring in a band and supply my own dessert bar. I would recommend this venue for a wedding - they will make your day stress free.

2/6/2015

I am Summer and I am getting married here October 2015. I am so thrilled I found this awesome wedding site. I got engaged last year and I literally emailed hundreds of wedding venues and every place just seemed so outrageously expensive. We started thinking about eloping because who can honestly afford a \$25,000 wedding these days?? Then I came across Stoneridge County Club. Debra is very nice and accommodating. The golf course is a little on the older side but they just remodeled all of the inside, and the landscape is beautiful but not over the top ritzy. The food tasting was beyond my expectations, amazing food! AND you are allowed to bring any vendors you like. Some venues only allow you to select from their approved list. Very pretty and private setting, nice staff, all open and free parking, overall a great deal! Even if I had more money to spend I would still choose to get married here. I can't wait!
